

Programm am 5. November 2024

09:00 - 09:15

Begrüßung

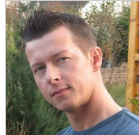

09:15 - 10:00

Embedded Development mit Rust: Sicherheit und Leistung vereint

Rainer Stropek

10:15 - 11:00

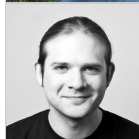

Asynchrones Rust: Effizientere Embedded-Entwicklung

Björn Quentin

Espressif

11:15 - 12:00

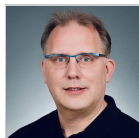

Unsafe for Work

Stefan Baumgartner

12:15 - 13:15

Mittagspause

13:15 - 14:00

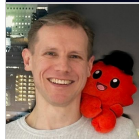

Von 0 zur UI mit Slint

Tobias Hunger

Slint

14:15 - 15:00

Rust zu Gast - Praxiserfahrung aus dem Automotive-Bereich

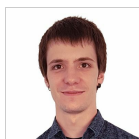

Sebastian Rietzsch

Cariad

15:00 - 15:30

Kaffeepause

15:30 - 16:15

Safe and Open: Rust and RISC-V for Embedded Developers

Román Cárdenas Rodríguez

Universidad Politécnica de Madrid

Workshop, 18. November 2024

ca. 9:00 - 16:00

Rust Kick-off - Die wichtigsten Konzepte für erfahrene Coder

Rainer Stropek
